Review the Superintendent’s Contract For Defined Roles
Who Is Responsible?

- Who is responsible for the supervision of employees at the school site?
- Who appoints, compensates and otherwise controls all school employees?
- Who approves the employment of the administrators, teachers and non-certificated personnel?
Communicating with Superintendent

- Defining roles and responsibilities is an essential ingredient in a good relationship.
- Maintaining a relationship requires open, direct two-way communication.
- The Board and Superintendent must determine:
  - What methods will be used to communicate?
  - How much and about what issues you want to know about?
  - When do you want to know?
  - How will you ask for information you need?
Problem-Solve for a Minute

You are confronted by a constituent in your local supermarket regarding the constituent’s displeasure in having their child assigned to a particular 3rd grade teacher. How would you conduct yourself as a board member, and what would you do following the conversation?
Meaningful Communication

Meaningful communication is to a partnership what gas is to a car. Or air to a ball. Without it, the car can't move; the ball can't bounce. Partnerships need communication to function. Without it, the relationship becomes a masquerade.
Relationship Building --
Attitudes

- I assume good faith; I do not question your sincerity or your sanity.

- I care about our relationship and want to resolve this difference in perception. Please help me to see it from your perspective.

- I am open to influence and am prepared to change.
Communication – Behaviors

- Listen to understand.
- Speak to be understood.
- Start dialogue from a common point of reference or point of agreement; and move slowly into areas of disagreement.
Influencing By Communicating

3 Basic Categories of Influence

- To model by example (others see)
- To build caring relationships (others feel)
- To mentor by instruction (others hear)
3 Key Character Traits

- **Integrity** – defined as the value we place on ourselves.

- **Maturity** – defined as the balance between courage and consideration.

- **Abundance Mentality** – defined as there is plenty out there for everybody.
As a new board member, you find yourself unfamiliar with many issues coming before the Board despite your best effort to study the issues and read your meeting packets. What is a good strategy when casting a vote while you are still learning about the issues coming before the Board?
Superintendent Contract

As a new board member you will be asked to provide a written evaluation of your superintendent in either January or February, having attended only a few meetings.

How will you go about responding to the evaluation and participating in the evaluation process?
