Bering Strait School District

Belief Statements

Strong cultural identity is a foundation to success

Local Native language revitalization with consideration to local dialect revitalization is a responsibility of the district

All students can and will learn and succeed

Every student has a right to learning opportunities to achieve maximum potential

Students will become lifelong learners

Students will achieve excellence through quality instruction and high expectations

Learning is the collaborative responsibility of the student, the school, the family, and the community

Ongoing, two-way communication is critical for student and teacher success

Graduates will fulfill post-secondary goals in the areas of local leadership, subsistence, college, and career

Students succeed when their needs are met in an appropriate setting

Local traditional values are respected
