PROCEDURE FOR ELECTION OF DIRECTORS OF AASB

Each school board president shall receive, on or about September 15, a request for nomination form from the AASB office.

A school board wishing to nominate one or more of its members to the Board of Directors must do so by formal resolution of the board and timely submission of the nomination forms to the office of AASB. The district is responsible for confirming receipt by the AASB office of all applications and supporting materials.

In order to be considered by the Nominating Committee, nominations must be postmarked or faxed no less than 14 days before the meeting date of the Nominating Committee.

Nomination forms and resumes shall be made available to the Nominating Committee for their review prior to coming to the committee meeting, per established procedures.

Nominees must be available during the preliminary activities prior to the Annual Conference for personal interviews with the Nominating Committee.

The Nominating Committee shall announce its slate of nominations on the first official day of the Annual Conference.

There shall be a provision for persons not on the slate of nominations to be nominated from the floor. This process shall include the following provisions:

1. Individuals shall notify a designated AASB staff member of their intent to run from the floor prior to 6:00 p.m. of the first official day of the Annual Conference. The Association staff shall insure that copies of the resumes of all candidates, both slate and floor, are posted in a conspicuous place available to the membership.
2. Candidates may only run from the floor if they have been properly nominated by official action of their local school board, had their nominations submitted by the established deadline, and have gone through the established interview process with the Nominating Committee.
3. Floor candidates must specify which slate candidate they wish to run against. Challenges may only occur against candidates from the same geographic region. In the event that a qualified individual wishes to run from the floor, but no one is on the slate from their region, they may request a suspension of the rules so they may challenge a specific candidate from another region. A suspension of the rules requires a 2/3 vote from the Delegate Assembly in favor of the suspension in accordance with Policy 202.

4. Nominations from the floor shall be entertained at the business meeting on the second day of the Annual Conference.

To acquaint the membership with all candidates for the Board of Directors (whether nominated from the floor or on the slate) time will be allowed for comments by the candidates to the Delegate Assembly, utilizing the following procedures:

1. The president shall appoint one school board member, not a member of the AASB Board of Directors, to act as a timekeeper.

4. Candidates shall be identified on the ballot as either a slate candidate with Nominating Committee endorsement, or a floor nominee.
5. The ballot will be constructed to identify that a floor nominee is challenging a specific slate candidate, and directions shall be given to vote for only one of those candidates.
6. The President shall instruct members that any unclear ballots shall not be counted by the tellers. However, all ballots, even those not counted, that are received by the tellers shall be kept and turned over to the President along with a "certificate of election" statement.

If any board improperly marks or otherwise damages a ballot, that board may request another ballot before the ballots are collected. AASB staff issuing the new ballot shall destroy the improperly marked ballot immediately without examining it.

7. The president shall appoint tellers to collect and count the ballots.
8. After counting, the tellers shall sign a "certificate of election" statement and shall submit such certificate of election directly and privately to the president in writing of the total number of votes cast and the number of votes cast for each candidate. The president shall announce to the Delegate Assembly the results of the balloting by declaring the winning candidate in each category or, in the case of a tie vote, the result of whatever action was necessary to break the tie.

Any of these rules relative to elections may be suspended by formal motion to do so and two thirds of the total votes cast being in favor.

Election results are official upon formal motion and recording of the results in the minutes of the special meeting of the Board of Directors immediately following the election.

ASSOCIATION OF ALASKA SCHOOL BOARDS

BOARD OF DIRECTORS

CODE OF ETHICS

As a member of the Association of Alaska School Boards Board of Directors I will strive to improve public education, and to that end I will:

- Attend all three regularly scheduled AASB board meetings and other teleconference meetings, insofar as possible, and become informed concerning the issues to be considered at those meetings;
- Recognize that I should endeavor to make policy decisions only after full discussion at publicly held board meetings;
- Render all decisions based on the available facts and my independent judgment, and refuse to surrender that judgment to individuals or special interest groups;
- Encourage the free expression of opinion by all board members, and seek systematic communications between the board and member school boards;
- Work with other AASB board members to establish effective board policies and to delegate authority for the administration of the Association to the Executive Director;
- Communicate to other AASB board members and the Executive Director expressions of member and public reaction to AASB resolutions, policies and programs;
- Inform myself about current educational issues by individual study and through participation in programs providing needed information, such as those sponsored by my state and national school boards Association;
- Support the employment of those persons best qualified to serve as Association staff, and insist on a regular and impartial evaluation of all staff;
- Avoid being placed in a position of conflict of interest, and refrain from using my board position for personal or partisan gain;
- Remember always that my first and greatest concern must be the educational welfare of all students attending all public schools.

My signature below indicates that I have read and agree to abide by the AASB Board of Directors Job Description and Code of Ethics.

POSITION PAPERS

The Delegate Assembly determines AASB positions on significant issues through adoption of resolutions, policies and beliefs. Therefore, the AASB Board of Directors or Executive Director may authorize the preparation of position papers on significant issues identified by the Delegate Assembly, the Board of Directors or the Executive Director.

AASB expects the primary interest of staff members to be the member districts we serve. A conflict of interest occurs when the interests of an employee or another outside party actually or potentially affect AASB in a negative way.

1. **OUTSIDE BUSINESS INTERESTS**—Employees may have outside business interests and outside employment so long as these do not interfere with job performance. Employees may not earn profit from outside employment or business interests that directly results from affiliation with AASB.
2. **PERSONAL BELIEFS**—AASB recognizes that its Employees may hold a wide range of personal beliefs, values and commitments. These beliefs, values and commitments are a conflict of interest only when they prevent Employees from fulfilling their job responsibilities, if Employees attempt to use AASB's time and facilities for furthering them, or if Employees continue attempting to convince others of their personal beliefs after they have been asked to stop.

WHISTLEBLOWER

AASB expects its directors, officers, employees and associates to observe high standards of business and personal ethics in the conduct of their duties and responsibilities. As employees and representatives of AASB, we must practice honesty and integrity in fulfilling our responsibilities and comply with all applicable laws and regulations.

Reporting Responsibility

It is the responsibility of all directors, officers and employees to report “wrongful conduct” in accordance with this Whistleblower Policy.

Wrongful Conduct

“Wrongful conduct” is defined in this policy to include: a serious violation of AASB policy; a violation of applicable state or federal law; or the use of AASB property, resources, or authority for personal gain or other non organization-related purpose except as provided under AASB policy.

This definition of “wrongful conduct” is not intended to be an exclusive listing of the illegal or improper activity encompassed by the Whistleblower Policy. Rather, the policy is intended to serve as a means of setting an expectation for the reporting of all serious improprieties that potentially impact the integrity and effective operation of AASB.

No Retaliation

No director, officer, or employee who in good faith reports suspected wrongful conduct will suffer harassment, retaliation or adverse employment consequence. Any employee who retaliates against anyone who has reported suspected wrongful conduct in good faith is subject to discipline up to and including termination of employment. This Whistleblower Policy is intended to encourage and enable employees and others to raise serious concerns within AASB prior to seeking resolution outside AASB.

Reporting Wrongful Conduct

AASB encourages its directors, officers, and employees to share their questions, concerns, suggestions or complaints with the most appropriate person in the organization who can address them, following the recognized chain of command described in the organization chart as much as possible. Any director, officer or employee may report wrongful conduct to the Executive Director or his/her designee. If the wrongful conduct implicates the Executive Director or if the reporting individual is not comfortable speaking with or not satisfied with the response of the foregoing individuals, the issue may be reported to the president of the Board of Directors.

Acting in Good Faith

Anyone filing a complaint of wrongful conduct must be acting in good faith and have reasonable grounds for believing the information disclosed indicates wrongful conduct. Any allegations that prove not to be substantiated and which prove to have been made maliciously or knowingly to be false will be viewed as a serious disciplinary offense, which may result in termination of employment.

Confidentiality

Reports of wrongful conduct or suspected wrongful conduct may be submitted on a confidential basis by the complainant or may be submitted anonymously. Reports of wrongful conduct or suspected wrongful conduct will be kept confidential to the extent possible, consistent with the need to conduct an adequate investigation.

Handling of Reported Wrongful Conduct

The AASB Executive Director, or the board president as applicable or his/her designee, will notify the complainant and acknowledge receipt of the complaint of wrongful conduct or suspected wrongful conduct within five business days, unless such complaint was submitted anonymously. All reports will be promptly investigated and appropriate corrective action will be taken if warranted by the investigation.

Any complaint of suspected wrongful conduct will be investigated and resolved and reported to the executive committee of the board.

EMPLOYMENT OF ASSOCIATION STAFF

No person shall be placed in a position of employment until the Board of Directors has established the position and a budgetary provision has been established.

The Executive Director shall be responsible for the selection, employment and termination of all Association personnel.

RECRUITMENT

AASB fills job openings with qualified applicants. The following paragraphs summarize the major elements of our hiring policies.

1. **PREFERENCE FOR INTERNAL CANDIDATES:** openings are filled by qualified persons from within AASB when possible. Preference is given to internal candidates over external candidates when both are equally qualified. However, internal candidates are not guaranteed the positions for which they apply.
2. **INTERVIEWING:** Applicants will be screened to determine who should be interviewed for a job. More than one person, including the position's supervisor, may interview Job candidates.
3. **REFERENCES:** References will be checked on all candidates to whom job offers may be made, before the offers are made.
4. **BACKGROUND CHECKS:** An internet-based background check will be conducted on all candidates to whom job offers may be made, before the offers are made.

Revised April 22, 2007

JOB DESCRIPTIONS

AASB will maintain a written job description for all staff positions. In the event new paid positions are created through expansion or reorganization, written job descriptions will be prepared and then approved by the Executive Director prior to filling the position.

A job description must contain the following elements: title, summary of job duties, performance requirements, definition of the essential and non-essential functions of the position, qualifications (education, experience, other), attributes, immediate supervisor, employee signature, Executive Director signature and date.

Job descriptions are to be as detailed and explicit as possible. However, employees occasionally may be required to perform related duties not specified in the job description. In the event new major responsibilities or other significant changes occur, the job description must be rewritten to reflect these changes.

INTRODUCTORY PERIOD

“Introductory period” means up to the first 6 months of employment of a new employee. Employees whose service is satisfactory in the introductory period may become regular full-time or part-time employees subject to availability of funds, the continued existence of the position and continued satisfactory work performance in the position.

An employee may be terminated at any time during and after the introductory period if his or her performance continually fails to meet minimum performance standards.

At the end of the introductory period, the employee will be given a non-compensation-related performance evaluation. The review is conducted by the employee's immediate supervisor and includes written goals based on the new employee's strengths and weaknesses as related to the position.

Health and prescription coverage are available at the time of hire.

Employees will be eligible for enrollment in the retirement program at the time of hire.

Revised April 24, 1999

Revised April 26, 2003

EXEMPT & NONEXEMPT STAFF

The Fair Labor Standards Act (FLSA) determines employee classifications. They are "exempt" and "nonexempt."

1. "Exempt Employees" include those who are not subject to the overtime provisions defined by the FLSA. They fall into the categories of Executive, Administrative or Professional. The nature of primary responsibilities and the level of discretion used in performing duties determine the exempt designation.

The number of hours required to perform those duties is not set; it is expected that they will work the amount of time required to fulfill their responsibilities.

2. "Nonexempt Employees" must comply with the overtime pay provisions of the FLSA, regardless of individual titles or duties.

Their jobs are generally considered to be done within a 40-hour workweek. Any time worked beyond 40 hours will be paid as overtime.

Any employee who does not meet the qualifications for exemption is included in the term "nonexempt."

COMPENSATORY TIME & OVERTIME

AASB recognizes that working beyond the regular 40 hour work week is sometimes required.

Therefore, the Executive Director may grant compensatory time to exempt employees. However, compensatory time is granted only when an employee shows extraordinary effort, and should not be considered automatic.

Nonexempt employees who work overtime, with the supervisor's approval, will be paid overtime in accordance with this state's wage and hour laws.

Employees may be permitted to work other than the standard work hours (i.e. early start/early leave or shortened lunch hour) with written approval of their supervisor and notice to the Executive Director or designee.

Exempt employees may be required to work beyond the designated work schedule to adequately fulfill their duties.

Employees finding they are unable to report to work on time or unable to report for a full day should inform their supervisor prior to beginning their work day, or as soon thereafter as possible.

Revised March 28, 2009

SALARY RANGES

Salary ranges for each job title exist in writing. Changes to existing salary ranges or creation of new salary ranges for job titles are the responsibility of the Executive Director and the Board of Directors.

RAISES

A salary schedule exists for each staff position. All salaries are gross salaries, and are subject to mandatory and voluntary deductions.

1. Salary increases are based on merit and performance as indicated in the written evaluation. The fulfillment of a certain period in a position does not, in itself, justify a salary increase.
2. Salary ranges for any job classification may be increased or decreased based on the recommendation of the Executive Director and approval by the Board of Directors.
3. The provisions of this section do not apply to temporary employees. The Executive Director individually determines the salaries of such Employees.

ORIENTATION

New employees will undergo an orientation to acquaint them with AASB's policies and procedures, their jobs, and their internal and external working relationships. The orientation will consist of two parts:

1. **Orientation to the organization**—Executive staff generally will coordinate orientation to AASB, to compensation and benefits, and to expectations of employees. As part of the orientation, the employee will receive a copy of the Personnel Chapter of the AASB Policy Manual.
2. **Orientation to the job**—The new employee's immediate supervisor, as designated by the Executive Director, will orient the employee to the job, its responsibilities, and the internal and external working relationships. The purposes of this orientation are to give employees a level of success to aim for, to assist them in succeeding and to give feedback to them on performance.

PAYROLL DEDUCTIONS

Deductions from each employee's paycheck include the mandatory and voluntary deductions described below:

Mandatory deductions are Social Security, and state and federal taxes. A staff member's paycheck may be garnished for alimony, child support, delinquent loans, or for some other reason, by court order. All mandatory deductions are made without written authorization of the employee. AASB has a legal responsibility to report new employee information to the State of Alaska.

Voluntary deductions are made only with the written authorization of the employee and shall only be made for payments to annuity plans. An itemized statement of all deductions from the employee's wages accompanies each paycheck.

ADVANCE PAY

Pay advances are granted at AASB's discretion and only in cases of extreme emergency.

Pay advances are considered early payments of wages and, at no time, will payment be made when there is not adequate work time or vacation time to cover the pay advance. Requests must be made in writing to the supervisor and approved by the Executive Director or designee.

Revised April 26, 2003

FINAL PAY

Employees who leave the service of AASB for any reason shall receive all pay that may be due them, with the following qualifications:

1. Regular employees will be paid for unused vacation days.
2. Any leave used in advance of being earned will be deducted from final pay.
3. Regular employees who give fewer than 10 working days notice of resignation shall forfeit their accrued vacation unless mutual agreement is reached between the Executive Director and the employee.
4. Separation date for all employees is the last day of actual work or approved leave. Final pay received by an employee will not be construed to extend his or her employment with AASB beyond the separation date.
5. Failure to return AASB-issued equipment, keys, material, or other items will result in delay in payment of final pay until all AASB property is returned. If these items are damaged or missing, their value may be deducted from the employee's final check.
6. Employees will be advised of their rights under the Consolidated Omnibus Budget Reconciliation Act of 1986 (COBRA). This act entitles Employees and their family members to continue coverage under their nonprofit's health insurance plan—at their own expense, but at group rates—for 18 months after they leave.

INSURANCE

Health Care Plan: group health care plan for full-time employees and their family members is available beginning at the time of employment, or during an "open enrollment" each year. A more detailed description of coverage is provided in a separate handout.

Family members as outlined in the group health care plan, include a lawful spouse, domestic partner, and child(ren) and stepchild(ren) younger than 26 are eligible even if they are:

- Married
- Not living with parents
- Attending school
- Not financially dependent on their parents
- Eligible to enroll in their employer's plan

If the employee does not have a family member at the time of enrollment in the plan, but later acquires a family member, this person becomes eligible to participate in the plan on the date that he or she becomes a dependent.

The cost of coverage for the group plan will be assumed by AASB.

WORKERS COMPENSATION

Employees are protected under the state workers compensation law against loss of income due to injury or death that occurs during work activities. AASB pays the entire cost of the Workers Compensation insurance premium. Employees must report all job-related accidents, injuries and illness immediately after experiencing symptoms. The insurance carrier will determine the benefits, if any, the employee deserves.

1. **REPORTING**—Any employee injured on the job will report the injury immediately to his or her supervisor, regardless of whether the injury is minor or of no apparent significance.
2. **INCIDENT REPORT**—The supervisor, to ensure documentation and expedite compensation, will complete An Incident Report promptly.

VACATION

AASB provides vacation for rest and relaxation, which we believe, is important for Employees' physical and mental health. Staff members must complete one full month of employment before taking time off.

Regular Full-time Employees

Full-time Employees who are not employed under an individual contract earn paid vacation time on a monthly basis according to the following schedule:

Years of service	Annual vacation time
0-2	12 days
2-5	18 days
5-10	24 days
10+	30 days

Vacation time may be accrued up to 30 days.

Should a request for paid vacation be denied due to extenuating circumstances, the accumulated vacation time limits may be temporarily adjusted with the approval of the Executive Director or designee.

The Executive Director must approve vacation leave for all employees in advance. Vacation requests will normally be made in advance and submitted in writing. Approval of requests is contingent upon recommendation of the supervisor and subject to the needs of AASB. In some departments, it is necessary to schedule vacations during certain weeks of the year or to designate other weeks as "no vacation" periods. Vacation time may be taken by the week, day or half-day.

Vacation time shall, in no instance, be converted to cash unless an employee is ending employment with AASB.

All Employees

The Executive Director or designee must approve paid vacation leave or "off contract days" for all employees in advance. Vacation requests will be made in advance and submitted in writing. Approval of requests is contingent upon recommendation of the supervisor and subject to the needs of AASB. In some departments, it is necessary to schedule vacations during certain weeks of the year or to designate other weeks as "no vacation" periods. Vacation time may be taken by the week, day or half-day.

SICK LEAVE

Sick leave provides time off with pay for periods of illness, incapacity resulting from injury or pregnancy. Sick leave may also be used by non-exempt employees for health care appointments that cannot be scheduled at times other than during the workday.

Administration of Sick Leave

Sick leave of regular full-time staff members is accrued at the rate of one and one-quarter days per month of service for each full month of employment each year. Sick leave for employees hired prior to July 1, 2016 may be carried from one year to the next with unlimited accumulation. Employees hired after July 1, 2016 may carry over no more than thirty seven and one-half (37.5) days of sick leave.

No payment is made for unused sick leave upon separation.

Sick Leave Use

Each employee is responsible for directly notifying his or her supervisor at the beginning of each working day when illness prevents his or her attendance at work. When an extended length of absence due to illness is required, supervisors must be kept advised if the absence is expected to continue for a period longer than originally anticipated.

A doctor's statement is required for more than five consecutive days' absence due to illness or, at the discretion of the supervisor, when an accumulation of scattered absences seems to establish a pattern of illness. AASB may request and obtain verification of the circumstances surrounding any use of sick leave.

In the event of an extended illness or injury during which an employee exhausts all available sick days, the Executive Director may "advance" sick days.

Employees, at their own discretion, may use sick leave to care for ill family members.

PROFESSIONAL DEVELOPMENT

In-service training is designed to provide staff members with the skills, training and experience necessary for their continued development. Training will be subject to these conditions:

1. Attendance at conferences, educational meetings, workshops and institutes must have the approval of the Executive Director.
2. Each full-time professional employee may be permitted to attend conferences as funds permit, including registration and reimbursement for lodging, meals and travel. Attendance at such a conference shall be requested by the employee by submitting an estimated cost to the Executive Director who will determine the value of the conference, amount of time lost from duties, and cost.

TUITION REIMBURSEMENT

To further develop staff skills, AASB encourages employees to continue their education. If employees wish to enroll in a job-related college course or in a job-related continuing education course, they should discuss the matter with their supervisor.

AASB may pay up to the full cost of tuition for continuing education if funds are available and if:

1. The employee has been a regular full-time employee for at least three months.
2. In the opinion of management, the course selected is directly related to the employee's job and/or the purpose of AASB.
3. The employee has obtained prior approval from his or her supervisor and the Executive Director.
4. The employee completes an undergraduate-level course with a final grade of C or better. A final grade of B or better is required for a graduate-level course. Satisfactory completion is required for continuing education courses. If the course is not completed, or the required grades are not achieved, the cost of tuition will be deducted from the employees pay.
5. The employee remains employed at AASB for a full year after completion of the course. If the employee is not employed for the full 12 months, he or she may be required to repay 100% of the cost of the course or a portion of the cost based on the number of months he or she was employed following completion of the course. PERFORMANCE APPRAISALS

All employees shall receive, at least once per year, a performance appraisal that will objectively assess their performance and accomplishments relative to the job description. The evaluation shall be designed to give an assessment of the employee's strengths, as well as areas in which improvement is required, and shall address attitude and work habits. The session shall be designed to allow an employee the opportunity to offer reactions to job facets such as job satisfaction, reaction to the supervisor's management style, preparation for responsibilities assigned and future goals.

Standardized forms will be used to record all formal performance appraisals, and all individuals supervising the employee being evaluated will contribute to the review. These records will be used to help determine salary reviews, advancements, and other personnel actions that are based on merit.

All employees must be given the opportunity to review and make copies of performance reviews. Employees are encouraged to include written comments on the review, if appropriate. Employees who disagree with appraisals are encouraged to discuss areas of disagreement with their supervisor. Employees must sign and date their appraisal after all comments have been noted.

Performance appraisals become a permanent part of the employee's personnel file. This information will be held in strict confidentiality, and may only be released to a third party with the prior written approval of the employee.

DISCIPLINARY PROBATION

An employee may be placed on disciplinary probation by the supervisor in order to allow the employee to show improvement on the problem(s) specified at the time of probation.

The disciplinary probation period begins when the supervisor provides the employee with a written—and signed—document which:

- 1) Identifies the problem(s),
- 2) Indicates the necessary improvement,
- 3) Specifies length of probation period,
- 4) And informs the employee of further disciplinary action, ranging from extension of probation up to dismissal, which could result from failure to show satisfactory improvement within the specified probation period.

DISMISSAL

Dismissal occurs when probation has failed to achieve improvement or when the employee commits a serious offense. Before dismissal, the Executive Director should assure that the employee has been properly counseled in writing concerning any deficiencies in performance, given sufficient time to correct these deficiencies, and informed that failure to correct them may result in termination.

Dismissal may also occur for reasons of lack of funding or change in program needs of the Association.

AASB reserves the right to terminate an employee immediately for commission of serious misconduct or infractions, regardless of provisions for progressive discipline described above.

The Budget Committee shall present the budget to the general membership as an information item prior to recommending it to the Board of Directors as an action item during their business meeting immediately following the annual conference.

The budget prepared by the Executive Director shall be in format approved by the Board and contain at least the following:

1. The introduction and overview of the general financial situation and the needs of AASB.
2. A detailed line item budget document showing recommended amounts organized according to the prevailing AASB financial reporting format.
3. A budget detail describing in narrative form the major components of the budget document. The budget detail shall contain:
 - a. Descriptions of expected sources of revenue
 - b. Summary plans for obtaining revenue for the ensuing year
 - c. A brief description of the proposed and needed expenditures covering the AASB programs and their relationship with the mission and goals of AASB.

Review and approval by the Board shall signify authorization for the expenditures outlined in the budget document. The Executive Director shall have the authority to transfer funds among accounts during the fiscal year as circumstances dictate as long as the overall Board-approved expenditure levels are adhered to. The Executive Director shall report such transfers to the Board at its next meeting and shall present the Board with recommended budget revisions to reflect the revised spending pattern.

PURCHASING AUTHORITY

The Executive Director shall be granted authority to make purchases or to authorize purchases for the Association within the budget as approved by the Board of Directors. A bid will be required for expenditures above \$25,000 however formal procedures may be waived in an emergency and require approval by the Executive Committee. The Executive Director shall approve contracts that have met the requirements herein. Executive Committee approval in advance shall be required for any commitment of funds not specified in the budget.

No orders shall be placed or purchases made for payment with Association funds without the approval of the Executive Director or designee.

Competitive Bids

Requests for proposals shall be posted or distributed to additional vendors (when feasible.) Contracts will be chosen based on bid amount specified and the ability to most effectively meet the needs of a given project. Documentation will meet the Uniform Guidance protocols or Alaska State Procurement Code.

Non-Competitive Bids

If there is no ability to solicit multiple bids, the Association must demonstrate that the purchase from a particular vendor is sufficiently justified as a sole source. The Association may choose a contractor because of their unique qualifications, expertise, or historical relationship with a complex project (eg. Knowledge and access to data, development of existing technology) etc. The Association may award multiple year and/or continuation contracts without having to go out to bid under the same discrete project or grant award.

Sole Source

Sole source means that a single vendor is uniquely qualified to meet AASB's procurement objective. To be considered a sole source and therefore exempt from the bid process, one of the following conditions must be met:

- The actual product or service needed is the only one that will meet the Associations needs or requirements and can only be purchased from one source.
- The product or service must match or be compatible with current products or services.
- The product or service needed is specifically required for use in conjunction with a grant or contract.

Federal Uniform Guidance and Alaska State Procurement Code allow for sole source contracts to be awarded under certain conditions. Justification for Non-Competitive Procurement:

- A brief description of the program and the product or service being contracted
- Explanation of why it is necessary to contract non-competitively, which may include
- Expertise of the contractor
- Knowledge of the program
- Responsiveness
- Expertise or experience of personnel
- Results of market survey determining competition availability (or if one was not conducted, why not?)
- Uniqueness

Definition of a Sole-Source Contract

Sole-sourcing contracts vary from single-sourcing contracts. With single sources, companies weigh their options and then choose a supplier that meets their needs. With sole sourcing, there are no options. Companies may search for multiple suppliers and distributors for a product or service, then discover only one vendor is capable of producing the product.

Single Source

Alternative vendors exist in the competitive market, but the Association chooses to solicit a bid from only one particular vendor because of technical requirements (precision, reliability) or past performance by other vendors (poor service, availability of parts).

Definition of a Single-Source Contract

Choosing a specific company and bypassing the competition refers to single sourcing. Different suppliers and distributors typically produce and sell similar merchandise. This is advantageous to companies that purchase supplies because they can choose among various companies. However, after a thorough analysis of possible suppliers, company heads, managers or owners may choose to sign with a single company and pass up the opportunity to work with other suppliers. This decision could be based on price or the quality of products.

In the absence of the Executive Director, a designee is authorized to sign checks on his/her behalf.

1. The Business Manager may write checks only for the normal operation of business.
2. The Business Manager will submit to the Executive Director or designee a monthly check register listing the amounts and descriptions of all signed checks issued for that month and the monthly bank statement for review.

USE OF AASB MAILING LISTS

The Executive Director is authorized to permit the use of AASB directory information when, in the opinion of the Executive Director, the request for such directory information will serve a positive use to education in Alaska or promote the purposes of AASB.

VENDORS

AASB will encourage the participation of vendors of school products, supplies or services at its Annual Conference, or other statewide or regional meetings through solicitation of those individuals or firms as exhibitors or sponsors of those meetings.

AASB shall not, however, endorse nor promote any particular product, supply or service, nor include an individual vendor as a presenter in the education program or any conference in a manner that would indicate AASB endorsement of that vendor's product, supply or service or allow that vendor unfair advantage in promoting that product, supply or service.

Staff is directed to use discretion in accepting vendors' applications to exhibit.

JUNE NELSON MEMORIAL SCHOLARSHIP PROGRAM

The AASB Board of Directors has established the June Nelson Memorial Scholarship, as a means of demonstrating school boards' support for continued education for the graduates of our public schools.

AASB will accept contributions to the scholarship fund from its members and any other individuals or organizations who may wish to help finance scholarships through this program. Total contributions exceeding \$14,400 per year will go into an endowment fund for the scholarship. The fund will maintain at least a balance of \$8,000.

At their spring board meeting the AASB Board may award up to 15 scholarships in the amount of \$1,500 each. Two of the 15 scholarships may be offered to winners from the previous year, if they have maintained their eligibility with a 2.0 GPA.

Eligibility

AASB Scholarships will be available to any high school senior graduating from a public high school program in an AASB member district, including Mount Edgecumbe High School, who can demonstrate that they have been accepted at a postsecondary institution and meet such other eligibility criteria as may be established by the AASB Board of Directors. Scholarships may be awarded to students attending a university, college or a vocational school. Two of the 15 scholarships may be offered to winners from the previous year, if they have maintained their eligibility with a 2.0 GPA. The scholarship committee may consider statewide demographics or other unique circumstances to ensure every student applying is given the same advantage no matter their physical location in the State.

The AASB President shall appoint a Scholarship Committee, comprised of members from the AASB Board, staff, general membership, or educational stakeholders. The chair shall be appointed from the AASB Board. Their task shall be to review the scholarship applications and recommend the best qualified applicants to the AASB Board. The AASB Board shall take action to award the scholarships at their spring board meeting.
