

Professional Boundaries

PREVENTING CHILD SEXUAL ABUSE BY SCHOOL PERSONNEL
THROUGH PROFESSIONAL BOUNDARIES

Professional Boundaries Training

Professional boundaries helps prevent child sexual abuse of school staff before it happens. This training helps school staff, school boards, and others to identify early warning signs of professional boundary invasions. AASB, Alaska Public Entity Insurance and others can provide this training.

Professional Boundaries Policy

AASB has developed two optional policies for school boards. BP 5141.42 PROFESSIONAL BOUNDARIES OF STAFF WITH STUDENTS. & Administrative Regulation 5141.42 PROFESSIONAL BOUNDARIES OF STAFF WITH STUDENTS

Investigations and Board Actions

AASB has been working featuring the work of school districts conducting professional boundary audits, and working with partners to improve the board responses. There is a new board policy concerning investigations. BP 5141.43 UNIFORM INVESTIGATIONS & AR 5141.43 UNIFORM INVESTIGATIONS

Resources for Families and Students

Partners statewide have developed preliminary presentations, podcasts, and other resources to explain professional boundaries and create space for families to reflect on how they can talk to their own students and school teams about professional boundaries.
