2020 Institute Youth Leadership Details

Who should apply to YLI 2020?

- Any high school student who wants to practice new leaderships skills and to create positive change in their school district and community.
- Students can join if their School Board members are attending the AASB Annual conference.

What will participants get out of YLI?

- Students can attend a number of exciting workshop sessions focused on expanding their leadership skills.

How do I register?

- YLI registration is only open to school districts. If you are interested, reach out to your school district directly!
- Link to Registration: <https://cvent.me/vvl7r3>

What is the registration cost?

- The cost for registration depends on services provided by AASB.
 - Conference registration is \$285 per student or \$1500 for a group of 6
 - We recommend 2 students per site and one adult contact for support from each district (at no cost to the adult)
- Reach out to cplesa@asb.org for more information on services that come with each registration option.

Do I need adult support?

- Each district is required to register a supportive adult for their students. This may be a participant at the coinciding AASB annual conference (ex. board member, superintendent). Adult supports are there to help with any tech issues or logistics in borrowing a device from the school.

How about do I find out more about YLI 2020?

- Contact your district or office or Claudia Plesa at cplesa@asb.org or 907-463-1660.
- Visit: <https://cvent.me/vvl7r3>
